INTERNSHIP OBJECTIVE

Final-year Computer Science student at Independent University, Bangladesh, with hands-on experience building web applications using Django, JavaScript, and REST APIs. Passionate about software development and always eager to learn new technologies. Looking for a Software Engineering Internship where I can contribute, learn from experienced developers, and grow my skills.

TECHNICAL SKILLS

Languages: Python, JavaScript, Dart

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend: Django, Django ORM, REST APIs

Database: SQL, Relational Data Modelling

Tools & VCS: Git, GitHub, VS Code

Projects:

Event Management System

Technologies: Django, Python, SQL

- Developed a full-stack event management system with authentication, role-based access control, CRUD operations, and RSVP management.
- Optimized database operations using Django ORM and implemented input validation.
- Used Git and GitHub for version control throughout development.

Drink Discovery Web App

Technologies: JavaScript, HTML, CSS, REST API

- Developed a responsive web application using a public REST API.
- Implemented search, filtering, grouped results, and modal-based detail views.
- Designed a clean, user-friendly interface for desktop and mobile devices.
